

Clinical Trials

This section contains references to information on clinical trials related to carcinoid cancer and neuroendocrine tumors. This section may not represent an inclusive list of all clinical trials that are in process or being planned worldwide.

- [Clinical Trials.gov](#)
- Specifically for [carcinoid](#)
- Specifically for [neuroendocrine tumors](#)
- Specifically for [lung carcinoid](#)
- Specifically for [multiple endocrine neoplasia \(MEN\)](#)
- Specifically for [pancreatic neuroendocrine tumors](#)
- Specifically for [paraganglioma](#)
- Specifically for [pheochromocytoma](#)

The U.S. National Institutes of Health, through its National Library of Medicine, has developed ClinicalTrials.gov to provide patients, family members and members of the public current information about clinical research studies.

For additional clinical trials contact the NCI's Cancer Information service at 800-422-6237

- Please visit [North American NeuroEndocrine Tumor Society \(NANETS\)](#)

For current clinical trials: <https://www.nanets.net/content/current-clinical-trials>
