

## Nutrition

### Nutrition and Neuroendocrine Tumors Video

What is a healthy diet for neuroendocrine tumor patients? If a NET patient has carcinoid syndrome which foods should be avoided? Are supplements recommended for carcinoid/NET patients? When NET patients have problems related to malabsorption and various therapies, what changes should be made in their diet? These are among the many questions answered by **Jeffrey I. Mechanick, MD** and **Leigh Anne Kamerman Burns, RD, CDN** in the Carcinoid Cancer Foundation's video, **Nutrition and Neuroendocrine Tumors**.
