

NET Cancer Day 2013 Webinar Features Three Leading Carcinoid/NET Specialists

In recognition of **Worldwide NET Cancer Awareness Day** on November 10, **NorCal CarciNet** is hosting a one-hour, free webinar. Here's a great opportunity to hear from 3 of the leading specialists in carcinoid/NET cancer treatment on NET CANCER DAY: [Professor Dr. Richard P. Baum](#), Bad Berka, Germany; [Dr. Eric Liu](#), Vanderbilt University, Tennessee; and [Dr. Thomas O'Dorisio](#), University of Iowa. The webinar will be moderated by **Josh Mailman**, President of NorCal CarciNET and Chair of Patient Advocacy for the [Society of Nuclear Medicine](#), and **Bill Claxton**, founder of [CNETS Singapore](#).

To reach as wide an audience as possible, the webinar will start at 7 am Pacific Time. Space is limited to 500 viewers/participants with dial in for up to 150 people with local non-toll-free numbers in 23 countries for those who will not be at a computer and would like to listen to the webinar.
