

**Lexicon Pharmaceuticals invites you to attend a Live National Webcast.**

Join patients throughout the country for an informative program about carcinoid syndrome.

These 45-minute live Webcasts will include a presentation as well as a Q&A session where our presenter will address audience questions. You will have the opportunity to submit questions in advance of the program, to be considered for discussion.

The national broadcasts will be streamed live over the Internet and viewable from your personal computer, tablet or smartphone.
