**Oklahoma University**  
**Oklahoma City, Oklahoma**

# NANETS

7:30am - 8:00am

## **Registration & Breakfast**

8:00am - 8:10am

**Welcome & Opening Remarks** Adam Asch, MD, Stephenson Cancer Center, and Hassan Hatoum, MD, Stephenson Cancer Center

8:10am - 10:05am

## **Presentation, Diagnostic Approaches & Surveillance**

**General Overview** Hassan Hatoum, MD, Stephenson Cancer Center

**Pathology and Genetics** Erin Rubin, MD, FCAP, The University of Oklahoma Health Sciences Center

**Imaging Modalities and Application**

**Endoscopy & Colonoscopy**

**Q&A**

10:05am - 10:15am

## **Break**

10:15am - 11:15am

## **Surgical Options**

**Liver**

**Pancreatic NET** Russell Postier, MD, OU Medicine

**Small Bowel NET** Gary Dunn, MD, Stephenson Cancer Center

**Q&A**

11:15am - 12:10pm

## **Therapies for Symptom & Tumor Control**

**Carcinoid Syndrome Symptom Control** Renuka Iyer, MD, Roswell Park Cancer Institute

**Other Symptom Control** Renuka Iyer, MD, Roswell Park Cancer Institute

**Medical Management for Progressive Disease - GI NETs, Pancreatic NETs, Poorly**

**Differentiated NETs & Current Clinical Trials** Hassan Hatoum, MD, Stephenson Cancer Center

**Q&A**

12:10pm-1:00pm

## **LUNCH**

1:00pm-1:50pm

## **Pulmonary NETs: Challenges in Diagnosis and Management**

**Overview & Diagnosis** Thorvardur Halfdanarson, MD, Mayo Clinic

**Surgical Resection** Subrato Deb, MD, Stephenson Cancer Center

**Medical Therapy** Renuka Iyer, MD, Roswell Park Cancer Institute

**Q&A**

1:50pm - 2:40pm

## **Interventional Radiology and Multimodality approach**

**Peptide Receptor Radionuclide Therapy (PRRT)** William Vanlandingham

**Conventional Radiation** Terence Herman, MD, Stephenson Cancer Center

**Q&A**

2:40pm-2:50pm

## **Break**

2:50pm - 3:50pm

## **Multidisciplinary Treatment Plan: Case Presentations and Discussions**

**Panel Members:** Renuka Iyer, MD, Roswell Park Cancer Institute, and Hassan Hatoum, MD, Stephenson Cancer Center

**Gastroenteropancreatic neuroendocrine tumors (GEP-NETs)**

**Lung NETs**

**Q&A**
