

Lexicon Pharmaceuticals Invites Patients to Attend a National Webcast

The Carcinoid Syndrome Web Series offers informative programs for Patients.

This 45-minute Webcast will include a presentation as well as a Q&A session where our presenters will address audience questions. You will have the opportunity to submit questions in advance of the program, to be considered for discussion.

The national Webcast will be streamed over the Internet and will be viewable from your personal computer, tablet, or smartphone.
