Frankly Speaking About Cancer: Neuroendocrine & Carcinoid Tumors (NETs) is made possible through an unrestricted educational grant from Lexicon Pharmaceuticals.

The mission of the Cancer Support Community (CSC) is to ensure that all people impacted by cancer are empowered by knowledge, strengthened by action and sustained by community. In 2009, The Wellness Community and Gilda’s Club joined forces to become the Cancer Support Community. The combined organization, with more than 50 years of collective experience, provides the highest quality social and emotional support for people impacted by cancer through a network of more than 50 licensed affiliates, over 100 satellite locations and a vibrant online community, touching more than one million people each year.
