

This workshop will raise awareness among patients and caregivers about diagnoses, treatment options, managing side effects, coping with the psychosocial impact of neuroendocrine and carcinoid tumors, and fostering constructive dialogue with their health care team.

Featured speaker:

Dr. Daneng Li, Co-Director of the Neuroendocrine Tumor Program at City of Hope.

Daneng Li, M.D., is an assistant clinical professor in the Department of Medical Oncology & Therapeutics Research at City of Hope, specializing in geriatric oncology and treating gastrointestinal cancers. Dr. Li is currently the co-director of the Neuroendocrine Tumor Program at City of Hope and also leads the efforts for the liver tumors program.
